Coastal Nonpoint Pollution Control Program: Proposal to Find that Illinois has Satisfied Conditions on Earlier Approval

AGENCY: National Oceanic and Atmospheric Administration, U.S. Department of Commerce, and U.S. Environmental Protection Agency.

ACTION: Notice of proposed finding; request for comments.

SUMMARY: The National Oceanic and Atmospheric Administration (NOAA) and the U.S. Environmental Protection Agency (EPA) (“the agencies,” hereafter) invite public comment on the agencies’ proposed finding that Illinois has satisfied all conditions the agencies established as part of their 2016 approval of the State’s coastal nonpoint pollution control program (coastal nonpoint program). The Coastal Zone Act Reauthorization Amendments (CZARA) directs states and territories with coastal zone management programs previously approved under Section 306 of the Coastal Zone Management Act to develop and implement coastal nonpoint programs, which must be submitted to the agencies for approval. Prior to making such a finding, NOAA and the EPA invite public input on the two agencies’ rationale for this proposed finding.

DATES: Comments are due by **[INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE *FEDERAL REGISTER*]**.

ADDRESSES: Copies of the proposed findings document may be found on www.regulations.gov (search for NOAA-NOS-2020-0102) and NOAA’s Coastal Nonpoint Pollution Control Program website at coast.noaa.gov/czm/pollutioncontrol/.

SUPPLEMENTARY INFORMATION:

Section 6217(a) of the Coastal Zone Act Reauthorization Amendments (CZARA), 16 U.S.C. Section 1455b(a), requires that each state or territory with a coastal zone management program previously approved under Section 306 of the Coastal Zone Management Act must prepare and submit to the agencies a coastal nonpoint pollution control program for approval. Illinois submitted its program to the agencies for approval in 2014 after gaining federal approval of its coastal zone management program in 2012. The agencies provided public notice of and invited public comment on their proposal to approve, with conditions, the Illinois program (81

FR 33216). The agencies approved the program in the *Federal Register* notice dated August 23, 2016, subject to the conditions specified therein (68 FR 59588). The agencies now propose to find, and invite public comment on the proposed findings, that Illinois has satisfied the conditions associated with the earlier approval of its coastal nonpoint program.

The proposed findings document for Illinois' program is available at www.regulations.gov (search for NOAA-NOS-2020-0102) and information on the Coastal Nonpoint Program in general is available on the NOAA website at coast.noaa.gov/czm/pollutioncontrol/.
